

Schedule for the “Urinary Examination” in the Students’ Regular Health Checkup in 2020

— First-year undergraduate students —
(including research students and exchange students)

Since urinary examinations will be conducted for first-year undergraduate students according to the following schedule, please submit the sample on the designated day without fail.

When submitting this form, receive a container for urinalysis beforehand at the academic/student affairs section of the faculty you belong to, collect midstream urine in the container early in the morning of the day for submission, and submit it **by 11:00 AM on the day**.

(Note)

1. Since the samples (containers) will be collected for urinalysis at each department, students must submit the urinalysis container, with the necessary information written on the label, to the designated place **by 11:00 AM on the designated day (make sure to meet the deadline)**.
2. Those who have failed to submit a sample or female students whose physical condition is unsuitable for urinalysis on the designated day should submit their sample to the Health Care Center by **11:00 AM on Wednesday, July 22 (alternate day)**. However, since the Health Care Center may be crowded on the alternate day, please try to submit the sample on the designated day (July 13–15) as far as possible.
3. Those who will graduate or complete this year and have failed to submit the urine test sample in April may submit it on the designated days.
4. Additional urinary examinations for those who have not submitted a sample this time will not be conducted at the Health Care Center; such persons must arrange a **paid examination** by themselves at a hospital, etc.
